

REIMAGINE TABLE COMMUNICATION

PROMOTE. INFORM. INTERACT.

ESIGNCARD

IMPRESS WITH ESIGNCARD

Revolutionizing business-customer interactions and operations. This fully integrated e-ink display tent card is poised to redefine the very dynamics of interaction. The ergonomic and sleek design, coupled with real-time content updates, makes it versatile for presenting various information types across diverse applications, whether used in retail, hospitality, or corporate settings.

KEY FEATURES

ADVANTAGES OF ESIGNCARDS

DYNAMIC CONTENT: In contrast to static paper tent cards, digital versions enable businesses to showcase dynamic and interactive content, enhancing customer engagement.

REAL-TIME UPDATES: With digital tent cards, businesses can make instant adjustments to promotions, menus, or events, ensuring timely and relevant information for customers.

COST-EFFECTIVE: Digital tent cards prove cost-effective over time by eliminating the recurring expenses associated with printing and distributing paper-based cards.

E-PAPER DISPLAY: Utilizing eco-friendly technology with ultra-low energy consumption for sustainable operation.

SMALL-SCALE STORES

INNOVATION AT RETAIL

Dynamic e-paper display which opens a world of possibilities for businesses to engage with their audience in innovative ways. The compact and portable design, makes them suitable for both indoor and outdoor settings.

DECENTRALISED IMPLEMENTATION

- Seamless integration with other Android devices and systems like mobile or tablet.
- Remotely push content using intuitive mobile app.

HASSEL-FREE INSTALLATION

- Wireless device that can simply be fixed on any shelf or placed on a table.
- Instant setup, simply unbox and start using with our plug & play solution.

LARGE-SCALE STORES

ENHANCE REACH AND EFFICIENCY AT RETAIL

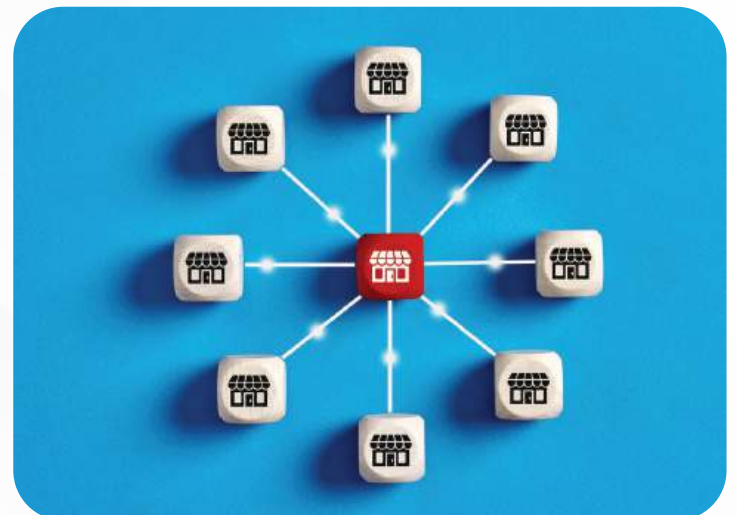

These displays are versatile, serving a broad spectrum of functions. They can be remotely updated, enabling retailers to modify prices, refresh promotions, and synchronize information across various locations instantly.

EFFORTLESS INTEGRATION

- Seamlessly integrates with inventory systems or current ERP solutions.
- Facilitates efficiency for large enterprises to optimize operations and reduce both time and labor expenses.
- Easy scalability and agility, which supports business growth and improves organisation's profitability.

CENTRALIZED MANAGEMENT AND SUPERVISION

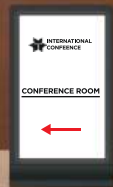

- Environmentally friendly e-paper display with ultra-low power consumption.
- High-resolution, three-color screen offering wide-angle visibility.
- Real-time dynamic pricing and promotions.

COMPREHENSIVE RANGE

Designed to excel in diverse use cases. From retail to corporate, entertainment to education, its diverse applications redefine flexibility.
